Kiwi PCS, a wireless telephone company, will hold its grand opening Nov. 14 for its retail store, 803C South College Road at the Shops on College. Kiwi PCS will provide unlimited minutes for local telephone service for \$35 per month. Long distance rates vary – 5 cents for long distance; 7 cents for instate long distance and 10 cents per minute for service to Western Europe.

Jeremiah Byrne, executive vice president, said the company chose Wilmington because of the area's explosive growth and its educated, diverse population. Customers will be able to purchase its products at other local outlets. Mr. Byrne said Kiwi PCS offers customers the advantages of both cellular and land-line service – the handset is no different from any other cell phone, but the company offers the cost savings usually associated with non-cellular phones. Using the latest technology, he said, customers shouldn't expect as many busy signals. The company is hiring. Web site: www.kiwipcs.com
