**KiwiPCS Expands to Raleigh, North Carolina**  
Thursday, May 12, 2005 - Raleigh, North Carolina

ComScape Telecommunications completes the Phase I expansion of the Raleigh, North Carolina market with CDMA2000 1X, 3rd generation technology infrastructure. The Phase I expansion includes the areas inside the 540 Loop and northwest area, linking Raleigh with its already opened Durham market. Besides the Raleigh-Durham markets, ComScape provides services in Wilmington, Leland, Carolina Beach, Kure Beach and other adjoining areas in the coastal region. In the subsequent phases, ComScape intends to link all of the contiguous areas in its licensed Raleigh-Durham-Chapel Hill markets, Jacksonville, New Bern and Wilmington markets comprising of a total of 21 counties in North Carolina. The company also owns PCS licenses in Ohio, Kentucky and West Virginia markets.

ComScape Telecommunications, is a regional wireless service carrier with headquarters in West Palm Beach, Florida. It is constructing a CDMA2000 1X, 3rd generation wireless network in North Carolina with expansion plans into Ohio, West Virginia and Kentucky. ComScape is marketing its services under the Kiwi PCS brand.

Kiwi PCS offers unlimited, anytime "All-You-Can-Use" wireless long distance and local minutes for one fixed rate of \$40 a month with no contract or deposit. Additionally, Kiwi PCS is rolling out international calling rates with as low as 3¢ a minute to most of Europe, Canada, Mexico City, Beijing, Singapore, Tokyo and many other places.

"The Company's mission is to provide the hassle free, all-you-can-use wireless service with no deposit or contract. With Kiwi PCS pricing and unlimited anytime talktime, there is no need to hang on to those wireline phones. We encourage people to 'cut that cord' and enjoy the freedom of community mobility", said Mr. Ghanshyam C. Patel, Chairman and CEO of ComScape Telecommunications, Inc. He further added, "Many of our customers are, in fact, switching from their tethered home phones to Kiwi wireless".
