

Kiwi PCS Press Releases

**Lowest Cost - Highest Value Communication Service Available in
Wilmington, NC
Kiwi Offers \$39.99 Phone**

Tuesday, May 27, 2003 - Wilmington, North Carolina

Kiwi PCS announces the availability of its "Kiwi Phone" Handsets for only \$39.99 in its Wilmington, North Carolina Market..

The Kiwi Phone is a 1XRTT, all-digital handset that the subscriber purchases for \$39.99 after receiving a \$20 credit-rebate on their next months' service. The combination of the \$39.99 phone, \$25 Local Service (per month) and \$10 Long Distance (per month) makes the Kiwi service the lowest cost and highest value communication service in Wilmington.

"One of the biggest hurdles for a person to obtain wireless service is the initial cost of the handset. We have taken that obstacle and 'chopped it down to size' by offering the \$39.99 Kiwi Phone," said Ghanshyam C. Patel, Chairman and CEO of ComScape Telecommunications, Inc., (ComScape markets under the name "Kiwi PCS"). "This 'last piece' of the wireless puzzle has been solved for the consumer. They are now able to obtain high-quality communication service at a price much less than what they would pay elsewhere for comparable service from either wireless or wireline operators. It is truly the best communication value in the North Carolina market," Patel Added.

ComScape Telecommunications, Inc./Kiwi PCS is headquartered in West Palm Beach, Florida and is constructing a CDMA2000 1X wireless system in North Carolina with expansion into Ohio, West Virginia and Kentucky. They now offer their Kiwi Free service in Wilmington, North Carolina. ComScape is privately-held and has virtually no debt. They are a facilities-based, fully integrated, telecommunications services company with switching centers in Raleigh, North Carolina and Charleston, West Virginia. In addition, they have a call center in West Palm Beach, Florida.
